

Numeracy Across the Curriculum Research Circle

INITIAL PROFESSIONAL DEVELOPMENT– 2 DAYS

Focus on numeracy, issues arising from numeracy across the curriculum, some action learning protocols, sharing curriculum materials and planning the school trials.

FIRST PHASE OF SCHOOL TRIALS

Teachers conduct trials on their chosen issue. School support visit by consultant.

MID-PROJECT ROUNDTABLE MEETING – 2 DAYS

Sharing progress: what we've done, how it's going, what we've found out, what we are doing next. Documenting our work. Getting feedback from others. Planning next phase of work.

SECOND PHASE OF SCHOOL TRIALS

Teachers conduct the second phase, and clarify findings. School support visit by consultant.

FINAL REPORTS COMPILED BY PROJECT TEAM.

FINAL REVIEW WORKSHOPS – TWO DAYS

Reporting back findings on numeracy, the trialing process, ideas and lessons for other schools and teachers, planning next steps within each school.
